PALLETS

Export pallet ONE-WAY 120x100x14 cm

Code: 1210R

- Dimension: 120x100x14 cm
- Purpose: Export one-way
- Material: 100% recycled material HDPE from the Dominican Republic
- Color: Black
- Weight: 7.6 kg
- **Load:**
 - ✓ Dynamic: 500 kg
 - ✓ Static Load: 2000 kg
 - ✓ Racking: N/A

✓ 9 Foot light duty pallet

Export pallet ONE-WAY 110x90x14 cm

Code: P1109R

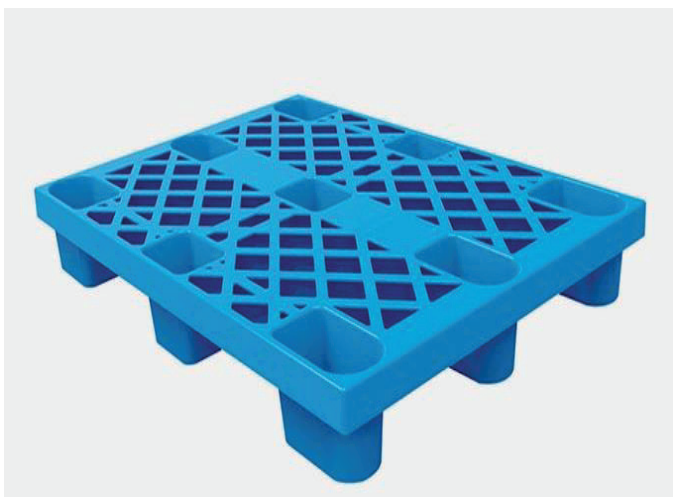

- Dimension: 110x90x14 cm
- Purpose: Export one-way
- Material: 100% recycled material HDPE from the Dominican Republic
- Color: Black
- Weight: 7.8 kg
- **Load:**
 - ✓ Dynamic: 500 kg
 - ✓ Static Load: 2000 kg
 - ✓ Racking: N/A

✓ 9 Foot light duty pallet

Export pallet ONE-WAY 110x110x14 cm

Code:P1111R

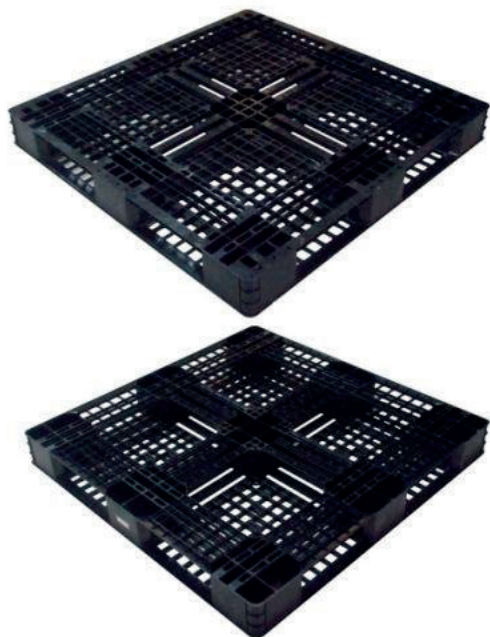

- Dimension: 110x110x14 cm
- Purpose: Export one-way
- Material: 100% recycled material HDPE from the Dominican Republic
- Color: Black
- Weight: 8.2 kg
- **Load:**
 - ✓ Dynamic: 500 kg
 - ✓ Static Load: 2000 kg
 - ✓ Racking: N/A

✓ 9 Foot light duty pallet

Export pallet ONE-WAY 120x100x15 cm

Code: P110LR

- Dimension: 120x100x15 cm
- Purpose: Export one-way
- Material: 100% recycled material HDPE from the Dominican Republic
- Color: Black
- Weight: 9.5 kg
- **Load:**
 - ✓ Dynamic: 1000 kg
 - ✓ Static Load: 2000 kg
 - ✓ Racking: N/A

PALLETS

Pallet 1008

Code: P1008R

- Dimension: 100x80x17 cm
- Material: 100% recycled material HDPE from the Dominican Republic or Virgin
- Color: Black Recycled
- Weight: 14.2 kg
- **Load:**
 - ✓ Dynamic: 1000 kg
 - ✓ Static Load: 4000 kg
 - ✓ Racking: 700

Pallet 1108

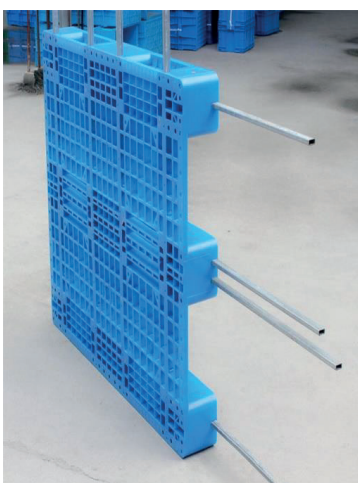

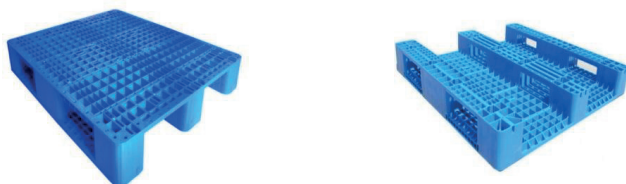

Code: P1108R

- Dimension: 110x80x17 cm
- Material: 100% recycled material HDPE from the Dominican Republic or Virgin
- Color: Black Recycled
- Weight: 14.2 kg
- **Load:**
 - ✓ Dynamic: 1000 kg
 - ✓ Static Load: 4000 kg
 - ✓ Racking: 700

Racking pallet-Three runner 120x100x15 cm

Code: P10RP

- Dimension: 120x100x15 cm
- Material: 100% recycled material HDPE from the Dominican Republic or Virgin
- Color: Black Recycled
- Weight: 19.3 kg
- **Load:**
 - ✓ Dynamic: 1000 kg
 - ✓ Static Load: 2500 kg
 - ✓ Racking with tube : 250 kg

Racking pallet-Three runner 120x100x15 cm

Code: P10R

- Dimension: 120x100x15 cm
- Material: 100% recycled material HDPE from the Dominican Republic or Virgin
- Color: Black Recycled
- Weight: 13.7 kg
- **Load:**
 - ✓ Dynamic: 1000 kg
 - ✓ Static Load: 2500 kg
 - ✓ Racking with tube : 250 kg

Heavy Duty Pallet Design

- **Rubber Stoppers**

- ✓ The pallet has 12 rubber stoppers (TPE) on the top cover.
- ✓ The plugs play an important role in keeping the deck from slipping off the forklift tines, especially in wet conditions
- ✓ Tests have shown better results than wooden pallets.
- ✓ This anti-slip on forklift tines is enhanced by the grooves in the bottom of the plugs, which help drain water.
- ✓ The tops of the plugs extend slightly above the top deck through which they act as a non-slip for the goods on the platform.

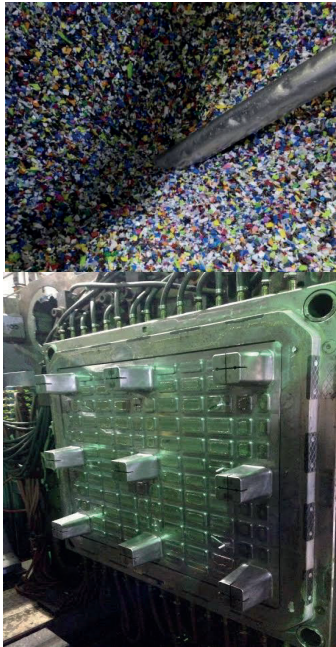

- **Rubber shoes 4 rubber shoes (TPE) in the bottom deck and 4 in the upper deck**

- ✓ The shoes help reinforce the corners of the pallet.
- ✓ Experience has taught us that the corners of the deck suffer the most during its useful life.
- ✓ Therefore, we have also added additional reinforcing ribs to the corners of the deck.
- ✓ The shoes also help secure the boxes stacked on the platform below.

- **Yellow center line :**

- ✓ This feature has a proven track record in the CSD and Brewery industry in the Caribbean and Central America, where it led to a significant decrease in blade damage.
- ✓ The center line ensures that the forklift driver easily locates the middle of the pallet in dark conditions, causing less damage due to forklift tines (accounts for 60% of damage to pallets during their lifetime) .

Private & Co

- J. Frankenberg, SRL is committed in working together with our clients in a stainable and economical feasible project to collet plastic waist from the environment. Making it feasible in both ways economically and environmentally.
- Today J. Frankenberg is responsible of processing successfully over 4,500 tons of recycled plastics every year.

• J. Frankenberg, SRL pallets are made from 100% recycled HDPE. In order to avoid Tons of plastic to end in land fill, rivers and finally in the Oceans.

Process:

- The pallets are produced with high pressure injection molding, no foam agent added, which avoids pinholes in the surface which makes the pallet more hygienic and stronger with the same weight of material.

alemaniaenrd © Embajada de Alemania en Santo Domingo

Ayer nuestro embajador @volkerpellet visitó la empresa @plasticosduralonrd que fue fundada en 1937 por el alemán Julius Frankenberg. Tras ser adquirida por su hijo Werner Frankenberg, la empresa se dedicó a la producción de artículos de plástico para el hogar. Desde hace algún tiempo, la idea de la sostenibilidad determina la política de la empresa. Durante su visita, nuestro embajador pudo conocer los procesos de fabricación de productos plásticos duraderos, reutilizables y de alta calidad que en gran parte están hechos de material reciclado. #reciclaje #EconomíaCircular

Benefits of Plastic Pallet

The culture shift from wooden pallets to plastic pallets has the following advantages:

Environmental:

- Recycled material from landfills, beaches and oceans completing the use-reuse circle
- Saving resources and avoiding the CO2 already produced for the manufacture of the raw material.
- Maintain the tropical forest by producing oxygen and capturing CO2 instead of cutting wood
- Pallet safer for food and pharmaceutical use.
- There is no need for treatments (heat treated or chemical).
- Durable; with proper care it can last for years without repairs; can be recycled again, so the value of the resin is maintained indefinitely simply by adding a small percentage of additives.

Advantage:

- Lighter than the wooden pallet
- Fuel economy.
- Uniformity: Tare weight, exact dimensions.
- Less downtime on production lines.
- Hygienic and easy to clean.
- Durable Safer Weather resistant

Export pallet

7kg less than wooden pallet

Contains up to 10% of Banana Tree Bag

Beverage Industry

7kg less than wooden pallet

Cement Industry

42.5kg sacks x 50= 2,125 kg per pallet
